

Pine Ridge School Wellness Policy

This Policy will help to mobilize school professionals, families and our community to take actions that lead to healthy eating, physical activity and healthier schools where kids thrive.

We need your Help to increase the Wellness of our children. We will be offering USDA nutritious meals and additional physical activities.

Please check the School website at prs.bie.edu To see the complete Wellness Policy that we will be following for the 2018-2019 school year.

For questions please contact MS. Beth Kizer or Mr. Carlow at 605-867-5198
